

Become College and Career Ready!

Employers are excited to support your high school journey by helping you prepare for life after graduation. Whether you decide to enroll in college or enter the workforce, ElevateEdAZ will make sure you get experiences that help you succeed in school and beyond.

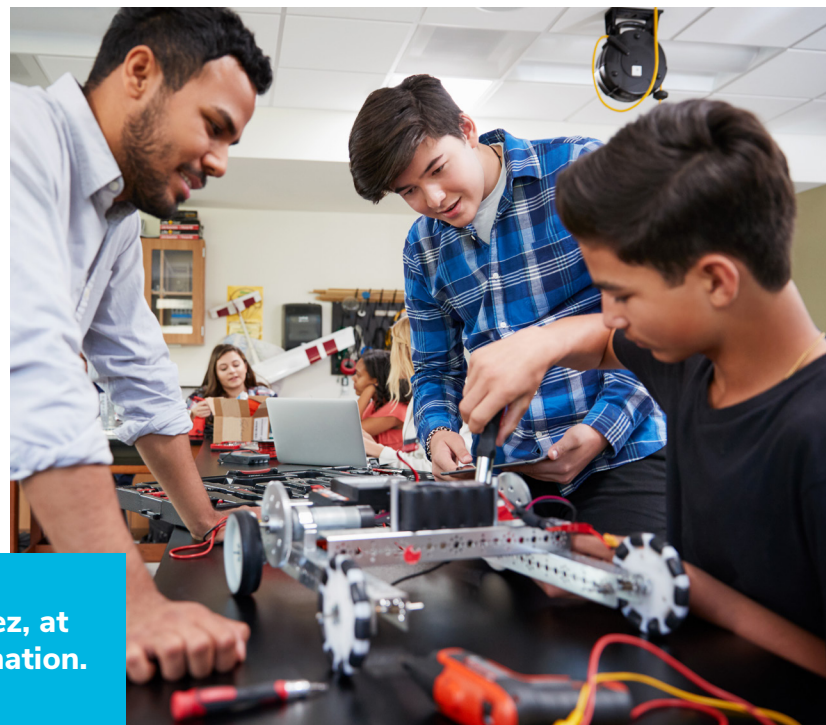

Work-Based Learning

Employers will provide Work-Based Learning (WBL) experiences for you and your classmates. WBL is an activity that allows you to explore career options while connecting what you learn in class directly to careers. For example, as part of your English class, you could apply what you learn by working with a marketing firm to create social media posts for local companies to sell their product!

- ✓ Guest Speakers and Teachers
- ✓ Field Trips
- ✓ Mock Interviews
- ✓ Internships
- ✓ Job Shadowing

Get Involved Today!

If you are interested in Work-Based Learning and/or helping design these experiences for your peers, we want to hear from you!

Contact College and Career Coach, Kaycie Quinonez, at KQuinonez@phoenixchamber.com for more information.
